

K KIBOU

Always be with our clients with an open mind and better services.

We sincerely appreciate all of our customers' continuous support, which enables us to be a leading company in the field of logistics through dynamic and sustainable growth.

Established in 2021 as an operating company, KIBOU is now providing quality services in transportation, storage, third-party logistics, and overseas business.

Setting a corporate value upon cost savings for the customers, competitiveness enhancement, and productivity improvement, we have been exerting ourselves in expanding domestic and foreign investment and employment, as well as in performing corporate social responsibility such as realization of moral management.

Based on our accumulated experience and outstanding services, we promise to get closer to you with better services through our advanced system for globally integrated logistics. Furthermore, we will make our utmost effort to grow to be a leading company in the logistics industry around the world.

We thank you again for your support from the bottom of our hearts and promise you that we will be with you with our utmost effort.

Mr. Chang Chi Young

General Director

KIBOU Co., Ltd.

KIBOU provide sea freight service.

In particular, we provide services from Ho Chi Minh City to Japan, China, Korea, Thailand, and other Asian countries with good schedules and good prices that guarantee high productivity.

KIBOU always value the cargo of our customers,

and we work with a quick resolution and prompt reporting in mind when problems arise.

Sea Freight Service

KIBOU provides Air freight service.

In particular, we provide services from Ho Chi Minh City to Japan, China, Korea, Thailand, and other Asian countries with good schedules and good prices that guarantee high productivity.

KIBOU always value the cargo of our customers, and we work with a quick resolution and prompt reporting in mind when problems arise.

Air Freight Service

Possessing 300 tractors, 900 trailers in 12 branches and major domestic ports.

KIBOU, based on the integrated system for logistics, established a multimodal transport system to serve customers with quality service.

You can be offered customized service at the individual level at KIBOU.

Container Transportation

KIBOU deliver satisfaction and affection through our services with rapidity, accuracy, and hospitality.

The delivery service performed by KIBOU is based on six optimal distribution centers and five cross-dock points located logistics-wise nationwide, combined with a network that connects major ports for quick and safe delivery on a 24-hour basis.

Closely connected with information systems such as delivery planning, automatic truck allocation, and real-time cargo tracking through the TMS (Transport Management System), our delivery service guarantees visibility and optimal SCM for our clients.

3rd Party Logistics

Based on the advanced facilities and operation know-how accumulated over a long period of time.

KIBOU provides storage service, maintaining an optimized system that includes pre-planning, inventory management, location management, and safety management to meet the customers' needs.
